

SMALL STRIDES

IN HONDURAS

April 2026

Dear Friends and Church Family,

April was so full that its a challenge to include everything in this update letter. I am so excited to share the things that God has been doing this month.

The Start

Construction

Roofing and Siding

Interior Work

New Chickens

Egg Production

I got in contact with a local farmer and **he sold us 120 quality egg laying chickens at a very good price.** We began fixing up our coop, as it has not been used since the previous chickens were all killed by a man who was later arrested on some very serious charges. We not only have now a larger coop for the new egg layers but also a smaller coop for our 72 meat chickens! **We are hoping to offset a lot of our costs by producing and selling our own eggs and meat.** Please pray that God would bless our efforts as we provide and raise money for the home!

This month I also took lessons on how to build rock retaining walls. This is a very practical skill since most of Honduras is rocky with everything being built on hills. I made a small wall to help level out the girl's home property, but I will soon be leading a group to build a much bigger wall in the near future!

Prayer Requests

1. Please continue to pray for Reveca's US visa
2. Please pray for our Toyota Hiace fund to grow
3. Pray for some car repairs we are needing
4. Pray for continued spiritual growth in the girls
5. Pray for our residency paperwork in Honduras

Rock Wall Base

Finished Product

Bus Route

Reveca and the Girls

I am also continuing to learn how weld metal, so I can take care of several needs both here at the home and at the church! Please pray for safety as next month I will have various tests that will demonstrate whether or not I can actually be called a welder!

God has continued to bless our home in so many ways. The girls have been learning piano and sewing while serving in our church. Reveca has done a wonderful job both inside and outside the home. In the last 2 months she has led more than 5 people to Christ on our bus route while expertly managing a household of 19 people! Please continue to keep her in your prayers!

Thank you so much for investing in us and the lives of these Honduran children.
